PREFACE

Dear SHARE members,

Welcome to a new academic year! Whether you're just starting your bachelor's or continuing your master's, we hope you'll make the most of your time at SHARE. Our committees are the driving force behind everything we do.

From organizing social and academic events to creating content or supporting our biggest projects, every committee plays an important role in making SHARE what it is. Joining a committee is a great way to meet new people, gain experiences, develop new skills, and contribute to the community.

Most committees only require a few hours each week, making them easy to combine with your studies.

In this booklet, you'll find an overview of all our committees, what they do, and how you can get involved. We hope you'll find one that matches your interests.

We'll see you around!

— The FT 44th Board
